## SUMMARY

Motivated and detail-oriented Backend Developer with a strong foundation in ASP.NET Core, SQL, and full-stack web development. Currently pursuing a Bachelor's degree in Civil Engineering at Georgian Technical University while actively developing real-world web applications. Combines technical knowledge, problem-solving skills, and teamwork experience from both academic and professional environments.

## EDUCATION

**Georgian Technical University (GTU)** — Bachelor's Degree, Civil Engineering (2nd Year Student)

**IT Step Academy** — 2-Year Full-Stack Web Development Program

Courses: HTML, CSS, JavaScript, ASP.NET Core (MVC & API), MS SQL.

**International 3-Month Web Development Course** — Completed with certification.

## EXPERIENCE

**Technical Assistant — Vake District Election Office (02 Precinct)**

Assisted in managing technical setup and maintenance of election systems.

## PROJECTS

**Colloseum Gym Website**

Developed a real fitness center website using ASP.NET Core MVC and SQL Server.

■ [colloseum.online](https://colloseum.online)

**Portfolio Website**

Personal portfolio showcasing projects and skills.

■ [portfolio-j1z7.vercel.app](https://portfolio-j1z7.vercel.app)

**Additional Project Work**

Developed multiple full-stack web applications during IT Step Academy and the International 3-Month Program. These include dashboard systems, interactive web tools, and custom data-driven applications, demonstrating consistent improvement and strong practical understanding of real-world development workflows.

## SKILLS

ASP.NET Core MVC / Web API  
HTML, CSS, JavaScript  
MS SQL Server  
RESTful API development  
Front-End + Back-End integration  
Git & Version Control
